## 👤 PROFILE

As a highly skilled developer with 4 years of experience in JavaScript, Typescript, and NodeJS, I have a proven track record of **delivering successful web applications** using React. My **attention to detail** and ability to problem-solve have consistently **impressed clients and colleagues**.

With a **passion** for creating intuitive, **user-friendly interfaces**, I have excelled as a web developer. My strong **communication skills** and ability to **work efficiently in a team** have allowed me to contribute to a variety of successful projects.

I am a **results-driven developer** specializing in ReactJS on the front end. My ability to deliver projects **on time and on budget**, along with my technical expertise, has earned me a reputation as a **valuable asset to any development team**.

As a seasoned developer with a focus on front-end technologies, I have a demonstrated ability to **build dynamic, responsive applications** using React. My **attention to detail and strong work ethic** have contributed to my success in delivering **high-quality** projects for a range of clients.

## 📁 EMPLOYMENT HISTORY

### Intern at Stratcom Communications LTD, Kampala

June 2021 — August 2021

- I worked as a network administrator on UNIX and Linux systems.
- I had an active role in **patching, compiling, securing, and troubleshooting Linux servers in a heterogeneous environment**.
- I performed system updates and server configuration, and I was responsible for **implementing changes in multiple environments** from development to production.
- I built a web application using Typescript-React that provided a **better user experience** with the company's applications and platforms.

### Backend Developer at accessadvancedsystems.com, Kampala

August 2021 — February 2022

- As a Back-end NodeJS Developer at accessadvancedsystems, I was also responsible for **collaborating** with the front-end developers to ensure that the overall application was **seamless and well-integrated**.
- Worked on the server side of these applications, ensuring they **functioned efficiently and effectively**.
- Played a crucial role in the development and implementation of new features and consistently **met project deadlines** through efficient and effective work.
- Provided technical support and **troubleshooting for any issues that arose** including **debugging code**.

### Frontend Developer at miingoapp.com, Kampala

October 2023 — Present

As a front-end ReactJS developer at Miingo Group of Companies, I have had the opportunity to work on the highly successful web application **miingoapp.com**.

- Played a key role in the **development and maintenance** of the front end of this application, ensuring that it is **visually appealing and intuitive** for users. My **attention to detail** and ability to deliver projects on time have contributed to the success of miingoapp.com.

## LINKS

[Github](#)

[LinkedIn Profile](#)

- Helped to achieve a **consistent look and visual theme** across the website by promoting **uniform fonts, formatting, images, and layout**.
- Followed **policies and procedures** related to application methods and quality standards at all times.
- Remained **knowledgeable in new standards**, technologies, and **trends** in web development.
- Successfully **identified, diagnosed, and fixed** website problems, including broken links, typographical errors, and formatting issues.
- Effectively **multi-tasked and worked well** with internal and external teams.
- Continually **reinforce industry best practices**.
- Provided effective **troubleshooting and remediation** for web applications.

### Frontend Developer at Ataano, Kampala

November 2023 — January 2022

I've had the chance to work on client projects while working as a front-end ReactJS engineer at Ataano.

- played a **crucial** part in the creation and **upkeep** of this application's front end, ensuring that it is user-friendly and **aesthetically pleasing**. My ability to pay close attention to detail and complete tasks on time has helped ataano succeed.
- promoted **consistent typefaces**, formatting, graphics, and layout, which helped to generate a **uniform look and visual** concept throughout client applications.
- at all times, I **adhered** to the rules and regulations governing application techniques and quality requirements.
- remained **knowledgeable** on new **web development standards**, technology, and trends.
- Broken links, typographical errors, and formatting problems were **successfully located, diagnosed, rectified**, and accomplished multiple tasks

## EDUCATION

### Bachelor Of Computer Science, Makerere University, Kampala

August 2019 — September 2022

Graduated with Second Class Degree Upper Honors Division

### O Level, Bishop Cipriano kihangire, Kampala

February 2012 — December 2015
